Radical Body Colour Specification

.OURCHARTCOLOURCHARTCOLOURCHARTCOLOURCHARTCOLOURCHARTCOLOURCHARTCOLOURCHARTCO

The gel coat finish on the fibreglass bodywork is self-coloured. Please note that the colour will fade slightly over time.

Whilst every effort is made to represent these colours as closely as possible, the images shown should only be used as a guide to aid colour choice.

Headlight covers are available in either self-coloured glass fibre, or clear perspex.

The seats and footbox mouldings are manufactured in black as standard or carbon-fibre as an option.

Ultra lightweight carbon composite bodywork is available to special order.
